

URSI Austria Team Meeting ONLINE
Jahrestagung 2022
Dienstag, 3. Mai 2022, 17:00 – 18:30 Uhr

Virtual Room: <https://tugraz.webex.com/meet/erich.leitgeb>

(Vorträge werden in Deutsch gehalten)

- 17:00 – 17:05 Commission B
Erich LEITGEB: Activities in Optical Communications and Photonics“
- 17:05 – 17:25 Commission B
Michael GADRINGER: Virtuelle Welten für automotive Radare
- 17:25 – 17:30 Commission B
J. SOKLIC, Holger ARTHABER (presenter): Combining multiple non-full-sphere antenna measurements to a full-sphere result with automatic detection of alignment errors
- 17:30 – 17:35 Commission C
Franz TESCHL: URSI GASS 2021-Rückblende: persönliche Beiträge, Aktivitäten und Forschungsthemen
- 17:35 – 17:55 Commission D
Jasmin GROSINGER: Radio Interference and Coexistence Research Activities at the Graz Electromagnetic Compatibility Lab
- 17:55 – 18:00 Commission F
Michael SCHÖNHUBER: A six years measurement campaign of the Ka-band satellite propagation channel in tropical rain
- 18:00 – 18:05 Commission G
Martin FRIEDRICH: Does the Moon meddle with the Lower Ionosphere?
- 18:05 – 18:10 Commission J
Helmut O. RUCKER: Kalibration von Raumsonden-Antennen
- 18:10 – 18:30 Commission K
Gernot SCHMID (presenter), R. HIRTL, I. GRONAU, V. MEYER, K. DREES, A. LERCHL:
Design and Dosimetric Characterization of a Broadband Exposure Facility for In Vitro Experiments in the Frequency Range 18–40.5 GHz
